“Enjoy your dog!!!”

## Group Classes

**All group classes meet for one hour a week for six consecutive weeks.**

Designed to build the relationship with your dog in a fun, friendly, family-oriented environment, we offer classes ranging from young puppy socialization and play to puppy and adult dog manners and obedience. We also offer specialty classes for dogs that are overwhelmed in the environment of a typical dog class. Our class curriculum is based on positive reinforcement, animal learning theory and practical applications that adults and children alike can perform with confidence. Dogs and pups must be in good health, have appropriate shots for their age, and a clear fecal exam. Ask about multi-dog discounts!

**Puppy Charm School** (up to 16 weeks of age) – socialization, housetraining, bite inhibition, problem prevention, solutions and beginning training skills! \$160

**Puppy Skills** (16 weeks – 8 months) - The perfect place to start for slightly older puppies and the next step after Puppy Charm School. Your dog learns manners and obedience skills plus problem solving and prevention and more. \$160

**Life Skills** (8 months and older) – Perfect for dogs young and old alike, beginners as well as dogs with some training. Curriculum focuses on basic manners and obedience skills. Great as a refresher course, Life Skills is excellent for recently adopted dogs, and includes problem solving, prevention and more. \$160

**Life Skills Plus** – An intermediate to advanced class, working at your dog’s ability level, this class will challenge you and your dog while transitioning obedience skills to off-leash and out-of-sight success. Pre-requisite: Puppy Skills, Life Skills or instructor’s permission. \$160

**Reactive Rover** (all ages) – Does your dog bark, lunge, snarl, whine, growl or just “go crazy” when he sees another dog on leash? Reactive Rover sets you and your dog up to succeed while you learn together, with the support of other people in the same situation, so that your dog can learn to relax in the presence of other dogs. \$195

**Scaredy Dog** (all ages) - Does your dog tremble and hide or exhibit fears towards people, dogs, noises or objects? This class focuses on increasing your dog’s confidence while changing your dog’s emotional response to things he is afraid of. You will learn how to recognize the signals of fear and respond appropriately and confidently. \$195

**Seminars and Workshops** for behavior modification and problem solving such as Greetings, Pulling Pups, Behavior Solutions, Stop Jumping! and More!
