Designed to build the relationship with your dog in a fun, friendly, family-oriented environment, we offer classes ranging from young puppy socialization and play to puppy and adult dog manners and obedience. We also offer specialty classes for dogs that are overwhelmed in the environment of a typical dog class. Our class curriculum is based on positive reinforcement, animal learning theory and practical applications that adults and children alike can perform with confidence. Dogs and pups must be in good health, have appropriate shots for their age, and a clear fecal exam. Ask about multi-dog discounts and package pricing on class and private sessions!
